

## Volunteers Needed!

Jax Beach Deck The Chairs is seeking volunteers to help create this year's display of decorated lifeguard chairs. We are seeking a variety of skill sets in our volunteers, so there is something for everyone!

### Designers & Artists

We need creative minds to come up with designs that can be brought to life on a 9-foot lifeguard chair. You will work with a chair sponsor to design a chair that can be built either by the sponsor's group or by a build volunteer.

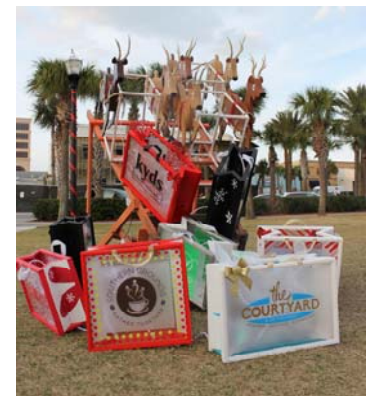

### Build Volunteers

Build volunteers will work with chair sponsors to bring a design to life. Chair sponsors provide you with the design idea and materials, but need support in getting the chair built. We will begin matching build volunteers with chair sponsors as soon as possible. The earlier the chair is started, the better! Heavy lifting may be necessary.

### General Volunteers

General volunteers are needed for a variety of areas. We have miles of lights to string throughout the plaza and pavilion area. Pre-built chairs may need to be put together. We will be loading and unloading materials from our storage unit. Heavy lifting may be required for some areas, but other jobs will only include light lifting.

## Be A Part of A Holiday Tradition!

If you want to be part of this community event that benefits the Jacksonville Beach Volunteer Lifesaving Corp., please visit [www.deckthechairs.org/volunteer](http://www.deckthechairs.org/volunteer) for more information.
